

I am writing to ensure that the radio station I listen to every day does not get bumped by a LPFM station. I listen to K-LOVE on 91.1 FM in Castle Rock, CO. The Christian music brightens my days and gives me a positive outlook. My family and friends truly enjoy this station. It is my belief that not only would I personally suffer if this station was replaced, our community would deteriorate as well. Millions of people listen to K-LOVE and benefit from its resources. Broadcasting K-LOVE benefits our world. I don't know of any other radio station in Colorado that provides the same content as K-LOVE. Please keep K-LOVE, 91.1 FM on the air. Thank you, Susan Dunbar
